

Youth Voice Census 2019

1st Feb - 22nd March

Long copy

Youth Employment UK's Youth Voice Census has launched for 2019. This annual survey is a temperature check of how young people aged 14 - 24 are feeling on a range of issues relating to their transition from education to employment. It is important that we hear from the widest cohort of young people in order that we can provide a detailed picture of the youth population. We are therefore working with a number of partners to share the survey amongst their networks.

<https://www.surveymonkey.co.uk/r/KVVR593>

Youth voice is at the heart of everything we do at Youth Employment UK. This survey allows young people to share their opinions on the issues facing them and their experiences of the services on offer, and enables us to build a picture of how young people are navigating the transition from education to employment. Last year 1,498 young people offered their views and since then we have been working with partners and policy makers to share what is working well and what could be improved.

Laura-Jane Rawlings

More on the Youth Voice Census

Youth Employment UK's Youth Voice Census is an annual survey, presented as a [report](#) with the results made available to the public shortly after the survey closes. The survey explores youth employment issues including (but not limited to) careers advice, apprenticeships, social action and unemployment provision. Supported by The Careers and Enterprise Company, the Youth Voice Census has also received support from subject experts including AELP, Education and Employers, WorldSkills UK, DfE, Movement to Work, NYA, and British Youth Council.

The Youth Voice Census will remain open until 22nd March 2019

More about Youth Employment UK

Youth Employment UK are the leading voice and expert on youth employment issues in the UK. The organisation works to engage employers in quality youth friendly practice, provides young people with the tools to explore and develop their skills and career options, as well as offering a voice on policy.
