About Youth Employment Week

A week-long celebration and promotion of youth employment opportunities for young people aged 11-30.

We are proud to present an annual event commencing 3rd - 7th July 2023. Youth Employment Week is a celebration of all things youth employment! Together we are connecting young people to opportunities and support, and raising awareness of the benefits of hiring young people.

This year the theme is **OPPORTUNITY FOR ALL**

Across the week we are inviting our partners and networks to share opportunities, events, best practice and case studies that will help young people wherever they are on their journey to work.

Aims of the week:

- To share 5,000+ opportunities with 50,000+ young people across Youth Employment Week 2023
- To raise the standards of youth employment opportunities by sharing best practice and supporting organisations to utilise the principles of good youth employment
- Engage with organisations who are not yet creating opportunities for young people and inspire them to get involved

The theme for 2023 is OPPORTUNITY FOR ALL

Young People

Connect with great opportunities to build your skills, work experience and knowledge as well as finding youth friendly employment opportunities including apprenticeship, entry level and graduate roles.

Employers

Discover the benefits of hiring young people, connect with them at every stage of their journey – and boost your engagement and recruitment strategy with the principles and practice of good youth employment!

Educators

Get free support and resources for the students and young people in your network, all mapped to the Gatsby Benchmark the JET framework. Help to support and connect students and learners on their journey to work.
